General information

SHIP WASTE DISPOSAL (WASTE MANAGEMENT CHARGE)

In compliance with the Regulations no. 931 of 1 June 2004 relating to Pollution Control, Chapter 20, the Port of Drammen has established reception facilities for waste and cargo residue from ships.

Waste management charges must be paid by all vessels calling at public quays, irrespective of whether or not they deliver waste to the reception facilities. Waste must be separated at source.

Oily waste (sludge), sewage, cargo residue and quantities of waste/hazardous waste that are larger than what is deemed reasonable in relation to vessel size/number of sailing days will be presented with specified invoices. Charges for oily waste, cargo residue and sewage will be calculated on an individual basis according to type and quantity of waste and time of delivery. These charges will be collected by the responsible waste disposal company.

Ships that operate on scheduled routes and that can provide documentation that ship waste is regularly disposed of at another port may apply for a deduction in or exemption from the waste management charge.

ORDERING OF CRANE SERVICES

Crane rental must be ordered in writing or by contacting the port office in person.

Orders for crane rental within normal working hours (Monday to Friday between 07.00 and 15.00) must be placed two hours prior to planned use. Some exceptions may be made in the case of certain lifting operations.

Orders for crane rental for 07.00 the following day must be placed by 14.00 on the preceding day.

Orders for crane rental for Saturday, Sunday must be placed by 11.00 hrs last ordinary workday.

Orders for crane rental for public holidays must be placed by 11.00 hrs last ordinary workday.

Notification of the necessity for overtime work must be given by 12.30 on the day on which the work is to be performed.

If the crane is not taken into use at the agreed time, the right of use according to the order that was placed will cease to apply, and the order will be charged for one hour of crane rental.

Outside normal working hours, the order shall be liable for the crane(s) ordered and must compensate the Port of Drammen for costs in connection with manpower and for a minimum of three hours for personnel working overtime. Subleasing and/or transfer of the crane(s) to a third party is prohibited.

The orderer must record the operating time in the crane log book. If this is not done, the crane operator's timesheet shall be binding on both parties.

3.2 The Port of Drammen conducts port activities such as the provision of services, the exercise of authority, and other forms of public administration of vessels, goods and passengers at the port.

3.3 The activities of the Port of Drammen are subject to the provisions laid down in the Act no. 2019-06-21 nr. 70 relating to Harbours and Fairways and pertinent regulations, in addition to international provisions concerning waste management and security (ISPS).

Part 2 Tariffs and terms of payment

4 Tariff provisions

The customer must pay the rates, charges and taxes as stated in the currently valid tariffs. All prices are stated exclusive of value added tax (VAT) and any other charges that may apply.

5 Terms of payment

5.1 All prices are stated in Norwegian krone (NOK) unless indicated otherwise.

5.2 Unless otherwise agreed, invoices must be settled within 15 days of the invoice date.

5.3 The Port of Drammen may charge an invoice fee, which must be stated in the invoice.

5.4 The customer is obligated to provide the correct invoicing address and to notify the Port of Drammen of any changes. Any re-invoicing resulting from a customer's failure to uphold the notification obligation will not exempt the customer from its obligation of prompt settlement of the original invoice.

5.5 In the event of failure to make prompt settlement of invoices, the Port of Drammen has the right to charge interest on overdue payments and to apply reminder charges, pursuant to the provisions laid down in debt recovery legislation.

5.6 In order to validate any errors in an invoice or other claims issued by the Port of Drammen, complaints must be lodged without undue delay.

6 Provision of security

6.1 Regardless of the provisions stated in Clause 5, the Port of Drammen may, when it finds reasons to do so, request advance payment, a bank guarantee or another form of security.

6.2 The Port of Drammen is entitled to suspend without prior notification the initiation of harbour services or to deny permission to sail until such payment or security is provided.

Part 3 Harbour services: Shipping traffic

7 Port calls

All provisions regulating port charges, etc. are stated in the currently valid documents.

8 Ship to port notification and information regarding the cargo

8.1 Ship to port notifications must be sent to the Port of Drammen at least 24 hours prior to estimated time of arrival.

8.2 The shipping company or shipping agent must submit information regarding the cargo to the Port of Drammen within three working days of the ship's departure.

9 Quay charge

9.1 All ships using the Port of Drammen's quays must pay a quay charge according to the valid tariff. Naval vessels and training ships conducting non-profit activities are exempted from quay charges.

9.2 The shipping company is responsible for payment of the quay charge.

9.3 The quay charge is calculated on the basis of gross tonnage (GT) and per lay day. Portions of a day of six hours or less are charged as half-days. However, a minimum of one day's quay charge will apply.

Part 4 Harbour services: Goods and goods transport

10 Information on goods

10.1 The customer must, on its own initiative and on time, provide the Port of Drammen with the information it requires in order to perform harbour services. The customer must provide information on:

Special precautions that are necessary in connection with performing harbour services.

Other circumstances that are relevant for protecting persons, the environment, and the property of the Port of Drammen or a third party from damage that may be caused by the goods.

10.2 If a customer fails to fulfil its obligation to provide information, the Port of Drammen is entitled to take any precautions it may deem necessary to avoid injury or damage to persons, objects, property or the environment, at the expense and risk of the customer.

10.3 In the case of harbour services involving hazardous goods, the customer shall be accountable to the Port of Drammen for providing the Port of Drammen with all relevant information well in advance, pursuant to currently valid conventions and other laws, rules and regulations pertaining to hazardous goods. The customer shall be held accountable by the Port of Drammen for ensuring that all hazardous goods are packed, labelled, wrapped and classified in compliance with the abovementioned conventions and rules and that the necessary official permits have been obtained.

11 Handling of goods

11.1 Responsibility for keeping tallies or for conducting other forms of record-keeping while loading and unloading or while delivering and dispatching goods to and from storage shall lie with the customer.

11.2 The customer shall be responsible for ensuring that goods are packed and labelled in compliance with currently valid regulations and practice and in such a way that they can withstand normal handling and wind and weather conditions.

11.3 The Port of Drammen is not responsible for insuring goods, neither at its own expense nor at that of the customer. The customer is obligated to take out insurance cover for damage that may be incurred by goods on persons or objects.

11.4 Goods that are left on quays must be moved as soon as possible unless the Port of Drammen grants permission for them to remain.

11.5 The customer is responsible for ensuring that packaging, waste, cargo residue, etc. is removed from the quay area immediately after the ship has left the port.

12 Goods charges

12.1 All goods that are transported by ship across the Port of Drammen's quays must pay a goods charge according to the valid tariff. The following exceptions apply:

Passenger luggage

Provisions, bunker fuel, oil and other supplies for vessels in port.

Pallets, etc. that are not trade commodities.

12.2 Liability for payment of the goods charge on inward-bound goods shall lie with the consignee. Liability for payment of the goods charge on outward-bound goods shall lie with the consignor. The goods charge is collected by the vessel's shipping agent or shipmaster or by means of an invoice issued by the Port of Drammen. The vessel's shipping agent may be held liable for payment of the goods charge.

12.3 The goods charge covers storage on the quay for up to 48 hours after unloading or for until four days (public holidays and Saturdays excluded) before loading onto the vessel commences. After this time limit, an additional charge according to the current tariff will apply.

12.4 The basis for calculating the goods charge is the weight of the goods in tons. Cubic loads are converted into weight units whereby 1 m³ is no less than the price equivalent of 0.5 tons. The conversion factor for timber is 0.825, and for woodchip 0.842. The goods charge for certain types of goods is charged per unit; see current tariff.

12.5 Goods that arrive at the port in transit and that are forwarded with vessels will only be charged for inward transport. Goods in transit for foreign export will only be charged for outward transport.

12.6 Notifications of loading and unloading of goods must be submitted to the Port of Drammen within three working days after the vessel has departed.

12.7 The Port of Drammen may conduct spot checks of declarations and demand to receive manifests and/or other relevant documentation.

Part 5 Harbour services: Cranes

13 General provisions

13.1 Crane rental must be ordered in writing or by contacting the port office in person. Orders for the use of cranes within normal working hours must be placed at least two hours before a crane is to be used. Some exceptions may be made in the case of certain lifting operations.

Orders for crane rental for 07.00 the following day, must be placed by 14.00 on the preceding day.

Orders for crane rental for Saturday, Sunday must be placed by 11.00 hrs last ordinary workday.

Orders for crane rental for public holidays, must be placed by 11.00 hrs last ordinary workday.

Notification of the necessity for overtime work must be given by 12.30 on the day on which the work is to be performed.

If a crane is not put to use at the agreed time, the right of use according to the order that was placed will cease to apply, and the orderer will be charged for one hour of crane rental.

Outside normal working hours, the orderer shall be liable for the crane(s) ordered and must compensate the Port of Drammen for costs in connection with manpower and for a minimum of three hours for personnel working overtime. Subleasing and/or transfer of the crane(s) to a third party is prohibited.

Working hours for crane operators is the same as for dock workers.

If a crane operator is required to work during a meal break or to work overtime without advance notification, or if overtime work is ordered but not used, the orderer must pay the contractual supplements.

The orderer must record the operating time in the crane log book. If this is not done, the crane operator's timesheet shall be binding on both parties.

13.2 The Port of Drammen does not supply straps, shackles, etc.

13.3 Preparing the crane for use is regarded as usage time.

14 Delegation of responsibilities / Security

14.1 The customer shall, when requested, produce bills of lading, invoices or other documentary proof of the weight of the goods.

14.2 Cranes must only be used for vertical lifting operations. Goods must not be left hanging on cranes for longer than is necessary.

14.3 The customer is personally responsible for handling of the goods, and is obligated to use an approved signal person. When handling goods using the port's cranes, the orderer of the crane or the foreman for the loading/unloading operation must serve as the acting safety representative for the operation, pursuant to the Working Environment Act, Chapter 2, Section 2-2. The acting safety representative for the operation must ensure that all personnel involved (ship crew, dock workers, own personnel, etc.) use the required protective and safety equipment.

The acting safety representative for the operation is responsible for ensuring that all equipment in addition to that belonging to the Port of Drammen is approved for use in the operation to be performed.

The acting safety representative must ensure that loading/unloading is performed in compliance with regulations concerning the use of lifting equipment, weight limits, and use of the Port of Drammen's quays.

In the event of a breach, the Port of Drammen's safety representative must be notified and the work must be stopped until any non-compliance has been rectified.

The orderer is obligated to closely comply with the abovementioned regulations or with those issued by the Port of Drammen at any given time, and is liable for any damage/injury that may be caused by the orderer's use of the crane.

Furthermore, the orderer will be held liable for all damage caused as a result of non-compliance with the regulations. In the event of damage that is inflicted on goods or that is caused in ways other than by driving or using the Port of Drammen's cranes, the Port of Drammen shall be exempt from liability unless it can be proved that the Port of Drammen or the crane operator demonstrated gross negligence.

Nor shall the Port of Drammen be liable for any damage caused as a result of the crane or any parts of it breaking down.

The Port of Drammen shall pay no compensation for any financial loss which may be incurred by the orderer due to a delay or crane breakdown.

Nor shall the Port of Drammen cover additional costs relating to routine maintenance work that is reported at least 10 days prior to commencement of such work. The Port of Drammen may, however, under certain circumstances pay compensation, subject to assessment of a particular case.

Violation of these regulations shall entitle the Port of Drammen to rescind a rental agreement and to subsequently deny the orderer in question permission to use the Port of Drammen's cranes.

Part 6 Claims

15 Claims

If the customer intends to hold the Port of Drammen liable for damages, delays or for other claims relating to the performance of harbour services, such claims shall be presented to the Port of Drammen in writing and without undue delay. Objections or claims may not be asserted more than three months after the day on which the customer was made aware of, or ought to have been aware of, the circumstances on which a claim is based.

Part 7 Disputes

16 Choice of law and legal venue

16.1 The rights and obligations of the parties in respect of these provisions are regulated in their entirety by Norwegian law.

16.2 Drammen District Court is the legal venue for all legal disputes relating to use of the Port of Drammen and interpretation of these provisions.
