## PORT OF DRAMMEN

The port of Drammen is one of Norway's most efficient logistic and transportation hubs connecting sea, rail, and road. As a multimodal hub for goods handling, the port of Drammen operates across five primary segments:

- Rolling cargo (RoRo)
- Dry bulk
- Liquid bulk
- Containers
- Project cargo

For decades the port of Drammen has been Norway's largest entry port for vehicles with a 70% market share. The port aims to operate emissions-free by 2030 and works continuously to reduce climate impacts.

The port of Drammen is owned by Drammen (64%), Lier (18%), and Asker (18%) municipalities.

The discount is linked to the ESI Certificate and its validity period, and the ESI registration must be indicated on the ship's advance notification of arrival.

Total discount on quay charges cannot exceed 50 %.

## 5. General information

### 5.1 Ship waste disposal (waste management charge)

In compliance with the Regulations no. 931 of June 1<sup>st</sup>, 2004, relating to Pollution Control (chapter 20). The Port of Drammen has established reception facilities for waste and cargo residue from ships.

Waste management charges must be paid by all vessels calling at public quays, even if waste is delivered to reception facilities. Waste must be separated at source.

Oily waste (sludge), sewage, cargo residue and quantities of waste/hazardous waste that are larger than what is deemed reasonable in relation to vessel size/number of sailing days will be presented with specified invoices. Charges for oily waste, cargo residue and sewage will be calculated on an individual basis according to type and quantity of waste and time of delivery. These charges will be collected by the responsible waste disposal company.

Ships that operate on scheduled routes and that can provide documentation of regularly disposed ship waste at another port may apply for a deduction / exemption of the waste management charge.

## 5.2 Ordering of crane services

Crane rental must be ordered in writing or by contacting the port office in person. Orders for crane rental within normal working hours (Monday to Friday between 07.00 and 15.00) must be placed two hours prior to planned use. Some exceptions may be made in the case of certain lifting operations.

Orders for crane rental 07.00 the following day, must be placed by 14.00 on the preceding day.  
 Orders for crane rental for Saturdays/Sundays must be placed by 11.00 on the last ordinary workday.  
 Orders for crane rental for public holidays must be placed by 11.00 on the last ordinary workday.  
 Overtime must be ordered no later than 12.30 on the day the work is set to commence.

If the crane is not taken into use at the agreed time, the right of use according to the order that was placed will cease to apply, and the order will be charged for one hour of crane rental.

Outside normal working hours, the customer is liable for the crane(s) ordered and must compensate the Port of Drammen for costs in connection with manpower and for a minimum of three hours for personnel working overtime. Subleasing and/or transfer of the crane(s) to a third party is prohibited.

The customer must record operating time in the crane logbook. If this is not done, the crane operator's timesheet shall be binding on both parties.

## Part 2 Tariffs and terms of payment

### 4 Tariff provisions

The customer must pay the rates, charges and taxes as stated in the currently valid tariffs. All prices are stated exclusive of value added tax (VAT) and any other charges that may apply.

### 5 Terms of payment

- 5.1 All prices are stated in Norwegian kroners (NOK) unless indicated otherwise.
- 5.2 Unless otherwise agrees, invoices must be settled within fifteen (15) days of the invoice date.
- 5.3 The Port of Drammen may charge an invoice fee, which must be stated in the invoice.
- 5.4 The customer is obligated to provide the correct invoicing address and to notify the Port of Drammen of any changes. Any re-invoicing resulting from a customer's failure to uphold the notification obligation will not exempt the customer from its obligation of prompt settlement of the original invoice.
- 5.5 In the event of failure to make prompt settlement of invoices, the Port of Drammen has the right to charge interest on overdue payments and to apply reminder charges, pursuant to the provisions laid down in debt recovery legislation.
- 5.6 In order to validate any errors in an invoice or other claims issued by the Port of Drammen, complaints must be lodged without undue delay.

## **6 Provision of security**

- 6.1 Regardless of the provisions stated in Clause 5, the Port of Drammen may, when it finds reasons to do so, request advance payment, a bank guarantee, or another form of security.
- 6.2 The Port of Drammen is entitled to suspend without prior notification the initiation of port services or to deny permission to sail until such payment or security is provided.

## **Part 3 Port services: Shipping traffic**

### **7 Information on arrival notification and vessel calls**

- 7.1 Arrival notification must be sent to the Port of Drammen at least within 24 hours prior to arrival at the quay.
- 7.2 The shipping company or forwarding agent must deliver the vessel statement to The Port of Drammen within 3 working days after the ship's departure.

### **8 Quay charge**

- 8.1 All ships using the quays at the Port of Drammen must pay a quay charge according to the valid tariff. Naval vessels and/or training ships conducting non-profit activities are exempted from quay charges.
- 8.2 The shipping company is responsible for payment of the quay charge.
- 8.3 The quay charge is calculated based on the gross tonnage (GT) and per lay day. Portions of a day of 6 hours or less are charged as half-days. However, a minimum of one day's quay charge will apply.

## **Part 4 Port services: goods and goods transportation**

### **9 Information on goods**

- 9.1 The customer must, on its own initiative and on time, provide required information in order for the Port of Drammen to perform port services. The customer must provide information on:
- Special precautions that are necessary in connection with performing port services
  - Other info regards circumstances that are relevant for protecting persons, the environment, and the property of the Port of Drammen or a third party from damage that may be caused by the goods.
- 9.2 If a customer fails to fulfil its obligation to provide information, the Port of Drammen is entitled to take any precautions it may deem necessary to avoid injury or damage to persons, objects, property, or the environment, at the expense and risk of the customer.
- 9.3 In the case of port services involving hazardous goods, the customer shall be accountable to the Port of Drammen for providing the Port of Drammen with all relevant information well in advance, pursuant to currently valid conventions and other laws, rules and regulations pertaining to hazardous goods. The customer shall be held accountable by the Port of Drammen for ensuring that all hazardous goods are packed, labelled, wrapped, and classified in compliance with the abovementioned conventions and rules and that the necessary official permits have been obtained.

### **10 Handling of goods**

- 10.1 Responsibility for keeping tallies or for conducting other forms of record-keeping while loading and unloading or while delivering and dispatching goods to and from storage shall lie with the customer.
- 10.2 The customer shall be responsible for ensuring that goods are packed and labelled in compliance with currently valid regulations and practice and in such a way that they can withstand normal handling and wind and weather conditions.

- 10.3 The Port of Drammen is not responsible for insuring goods, neither at its own expense nor at that of the customer. The customer is obligated to take out insurance cover for damage that may be incurred by goods on persons or objects.
- 10.4 Goods that are left on quays must be moved as soon as possible unless the Port of Drammen grants permission for them to remain.
- 10.5 The customer is responsible for ensuring that packaging, waste, cargo residue, etc. is removed from the quay area immediately after the ship has left the port.

## **11 Goods charges**

- 11.1 All goods that are transported by ship across the Port of Drammen's quays must pay a goods charge according to the valid tariff. The following exceptions apply:
- Passenger luggage
  - Provisions, bunkers, oil, and other supplies for vessels in port
  - Pallets etc. that are not trade commodities
- 11.2 Liability for payment of the goods charge on inward-bound goods shall lie with the consignee. Liability for payment of the goods charge on outward-bound goods shall lie with the consignor. The goods charge is collected by the vessel's shipping agent or shipmaster or by means of an invoice issued by the Port of Drammen. The vessel's shipping agent may be held liable for payment of the goods charge.
- 11.3 The goods charge covers storage on the quay for up to 48 hours after unloading or for until four days (public holidays and Saturdays excluded) before loading onto the vessel commences. After this time limit, an additional charge according to the current tariff will apply.
- 11.4 The basis for calculating the goods charge is the weight of the goods in tons. Cubic loads are converted into weight units whereby 1 m<sup>3</sup> is no less than the price equivalent of 0.5 tons. The conversion factor for timber is 0.825, and for woodchip 0.842. The goods charge for certain types of goods is charged per unit; see current tariff.
- 11.5 Notifications of loading and unloading of goods must be submitted to the Port of Drammen within three working days after the vessel has departed.
- 11.6 The Port of Drammen may conduct spot checks of declarations and demand to receive manifests and/or other relevant documentation.

## **Part 5 Port services: cranes**

### **12 General provisions**

- 12.1 Crane rental must be ordered in writing or by contacting the port office in person. Orders for the use of cranes within normal working hours must be placed at least two hours before a crane is to be used. Some exceptions may be made in the case of certain lifting operations.

Orders for crane rental for 07.00 the following day, must be placed by 14.00 on the preceding day. Orders for crane rental for Saturday/Sunday must be placed by 11.00 last ordinary workday. Orders for crane rental for public holidays, must be placed by 11.00 last ordinary workday. Notification of the necessity for overtime work must be given by 12.30 on the day on which the work is to be performed.

If a crane is not put to use at the agreed time, the right of use according to the order that was placed will cease to apply, and the customer will be charged for one hour of crane rental.

Outside normal working hours, the customer shall be liable for the crane(s) ordered and must compensate the Port of Drammen for costs in connection with manpower and for a minimum of three hours for personnel working overtime. Subleasing and/or transfer of the crane(s) to a third party is prohibited.

The customer must record the operating time in the crane logbook. If this is not done, the crane operator's timesheet shall be binding on both parties.

12.2 The Port of Drammen does not supply straps, shackles etc.

12.3 Preparing the crane for use is regarded as usage time.

### **13 Delegation of responsibilities / security**

13.1 The customer shall, when requested, present bills of lading, invoices, or other proof of the weight of the goods.

13.2 Cranes can only be used for vertical lifting. Goods must not be left hanging in the crane for longer than necessary.

13.3 The customer is personally responsible for handling of the goods and is obligated to use an approved signal person. When handling goods using the port's cranes, the customer or the foreman for the loading/unloading operation must serve as the acting safety representative for the operation, pursuant to the Working Environment Act, Chapter 2, Section § 2-2.

The acting safety representative for the operation must ensure that all personnel involved (ship crew, dock workers, own personnel, etc.) use the required protective and safety equipment. The acting safety representative for the operation is responsible for ensuring that all equipment in addition to that belonging to the Port of Drammen is approved for use in the operation to be performed. The acting safety representative must ensure that loading/unloading is performed in compliance with regulations concerning the use of lifting equipment, weight limits, and use of the Port of Drammen's quays.

In the event of a breach, the Port of Drammen's safety representative must be notified, and the work must be stopped until any non-compliance has been rectified.

The orderer is obligated to closely comply with the abovementioned regulations or with those issued by the Port of Drammen at any given time and is liable for any damage/injury that may be caused by the orderer's use of the crane.

Furthermore, the orderer will be held liable for all damage caused as a result of non-compliance with the regulations. In the event of damage that is inflicted on goods or that is caused in ways other than by driving or using the Port of Drammen's cranes, the Port of Drammen shall be exempt from liability unless it can be proved that the Port of Drammen or the crane operator demonstrated gross negligence.

Nor shall the Port of Drammen be liable for any damage caused by the crane or any parts of it breaking down.

The Port of Drammen shall pay no compensation for any financial loss which may be incurred by the orderer due to a delay or crane breakdown. Nor shall the Port of Drammen cover additional costs relating to routine maintenance work that is reported at least 10 days prior to commencement of such work. The Port of Drammen may, however, under certain circumstances pay compensation, subject to assessment of a particular case.

Violation of these regulations shall entitle the Port of Drammen to rescind a rental agreement and to subsequently deny the orderer in question permission to use the Port of Drammen's cranes.

## **Part 6 Claims**

### **14 Claims**

If the customer intends to hold the Port of Drammen liable for damages, delays or for other claims relating to the performance of port services, such claims shall be presented to the Port of Drammen in writing and without undue delay. Objections or claims may not be asserted more than three months after the day on which the customer was made aware of, or ought to have been aware of, the circumstances on which a claim is based.

## **Part 7 Disputes**

### **15 Choices of law and legal venue**

15.1 The rights and obligations of the parties in respect of these provisions are regulated in their entirety by Norwegian law.
